### A Cheerful Neighbor for Young Widows

[From the Boston Transcript July 2[illegible] ]

A friend in the country has an observatory on the top of his fine elevated mansion, in which he has placed a telescope of power enough to command a very extended view, and here in this perch after dinner he smokes his cigar and enjoys the panorama Some time since he thoughtlessly directed the tube toward the house of a delightful young widow living some miles away in the valley below, and was pleased to see her setting on her door step seemingly unemployed Taking out his watch he was about to take a mental memorandum of what he saw and tell her of it when they met next but the pleasant picture was so changed in a moment that he concluded to say nothing about it for the present Another friend of the sterner sex just then drove up jumped from the carriage, threw his arms where they were most wanted, and kissed her The engagement was not long after announced but great caution is commendable in telescope neighborhoods

### Expenses of the Executive Department

From the New York Times

Mr Wm A Richardson Acting Secretary of the Treasury has answered very clearly the falsehood of the Democratic papers concerning the expenses of the Executive Department The critics had undertaken to prove that the expenditures of this Department which they had represented as specially under the control of the President were fifty five per cent greater during the first two years of Gen Grant's Administration than during the last two years of Johnson's Administration It now appears that beside grossly misstating the actual amounts compared they included Grant's $3 504 331 for replacing fractional currency an expense which under Johnson was accounted for under a different head The truth being brought out the figures stand Two years under Johnson $16 369 504 00 two years under Grant $13 019 159 31

Dr Livingstone's second letter compels many persons to believe that his mind is affected Many of his friends in England are represented to be greatly alarmed respecting him and fearful that he may never regain his wits after the long strain upon his brain and nervous system

**The Queen's Speech**

LONDON, August 10 —The following is the text of the Queen's speech "I rejoice to inform you that the controversy which had arisen between my Government and that of the United States, in consequence of the presentation of an American claim for indirect damages under the treaty of Washington, was rejected by the spontaneous declaration of the arbitrators entirely consistent with the view I announced to you at the opening of the session In concurrence with your action on the part of the United Kingdom, the Parliament of Canada has passed acts necessary to give effect to the treaty within the Dominion All arrangements contemplated by that instrument are therefore now in progress, and I reflect with satisfaction that the subjects with which it has dealt no longer offer any impediment to perfect concord between our kindred nations "

Captain S G McKee of Alliance Ohio for 25 years editor of a Democratic journal has published a letter showing that if he is to be compelled to vote for a Republican for President he will at least claim the right to make his own choice between the men and will support General Grant

**Before the Election**

The excitement before the election in North Carolina was intense Every practice known to [illegible] knavery was resorted to by the [illegible] to carry the State The following from the Raleigh dispatch (July 1[illegible]) to the New York *Times* shows the strategy that was resorted to and by means of which the Republican majority in the State was cut down below its rightful figures

The revelations of to-day make it necessary to say distinctly that North Carolina may be made to appear to give a Democratic majority of from [illegible]000 to 8 000 on Thursday notwithstanding that all competent observers, both within and without the State have already conceded a Republican majority It is well known that several days ago Detective Wood and convict Blumenberg arrived here from New York in obedience to orders from Ethan Allen to proceed at once to North Carolina and carry out their instructions On Saturday last news was telegraphed that the names of 200 Republicans had been marked for challenge in this city, and to day reliable news is received that on the same day 983 names out of the voting population of 1,130 were marked for challenge in the town of Kinston, Lenoir county This number, of course included some Democrats, to give a show of fairness, but the fact that the Republicans have 300 majority, and that the challenging was done by Democrats, shows that those challenged were nearly all Republicans

HOW IT WAS DONE

Saturday was what is known as inspection day when the registration books are open for inspection, and the citizens have the right to mark the names of any they have reason to believe have not the right to vote for challenge It is evident from the wholesale challenging at Kinston that the Democrats have been prompted by Wood and Blumenberg to learn from Tammany and take advantage of this provision of the law to swindle the Republicans out of the State The party challenging has the right on the day of election to put in evidence that the person offering is not entitled to vote, and the object of the conspiracy is to use all the time in this way in the heavy Republican precincts and thus prevent the vote from being polled The State has not yet been generally heard from, but it is believed that this challenging has been arranged where Republicans have large majorities, and that this fact is the foundation of the boasts of the Democrats here, during the last two days, that they are sure of victory It is perfectly plain that if in even half of the Republican precincts this wholesale challenging is resorted to the Republican vote cannot be polled, and that the Democrats will carry the State

PREVENTIVE MEASURES

Very little can be done to guard against the gigantic fraud, and that little has been done The Republican Committee here has sent messages this afternoon to every telegraph office in the State, notifying the Republicans of this attempted outrage, and calling on [illegible] to vindicate their right to vote against the scoundrels who have been sent here to carry the State by fraud The Republicans are called upon to be men, and to demand and enforce the rights of every freeman

PLEA OF THE DEMOCRATS

The only excuse Democrats offer for this outrage is that the Republicans are [illegible] the State by importing negroes from Virginia and South Carolina But they have offered no proof whatever that such is the case Very few negroes have come from either State, and they are such as went to them for work, and leaving their families, returned a [illegible] here There are several hundred of [illegible] working on the Lynchburg and D[illegible] railroad, in Virginia, the votes of nearly all of whom the Republicans will lose, as the State Committee refused to furnish [illegible] transportation to their homes Seventy-five of them, however, walked 80 miles to their homes, in Guilford county, where they arrived on Saturday and registered. This charge of importation is wholly false, and I know the State Committee has in all cases declined to furnish money or bring home bona fide voters, on the ground that it would afford an [illegible] for such a charge. The few negroes who have come back have done so of their own free volition, without aid or direction from anybody On the other hand, such challenging as 983 out 1,130 in an interior town shows conclusively that the object is the obstruction of voting rather than the preservation of the purity of the ballot-box

THE PLOT THE LAST RESORT OF FRAUD

In view of this fact a Republican triumph cannot now be promised But for such a fact it would be overwhelming Letters continue to be received from various counties announcing heavy Republican gains, and but for Wood and Blumenberg carrying out instructions with such vigor, there is no [illegible] to doubt that the Republican majority would reach 10 000 as the prospects have grown better and better every day But it is in the power of this so-called detective and this convict to neutralize all this, and there is [illegible] to fear that they have done so

### The Coming Session

Within four wee b L gisla re w l a semble at Salem The s n o l wa l to as one of more than usual interest and importance Th pe ema t t the prol gu l f t l on shall be annulled and its course en far as possible ut the roo V ed not stop here to enumerate th f of this legislation most of th l c r to every reader Several who ures of legislation bes les are mu h ut ed some of which we have heretofore referred to and which at a proper time we shall press upon public attention again

It will also be the duty of the Assembly to elect a United States Senator This will be the first important business to come before that body and usually little else is done till it is disposed of Much time has often been wasted and the business of the session neglected by needless protraction of these contests It has in fact almost passed into the currency of a proverb that no Legislature which has a Senator to elect will do anything else Parties, and cliques within parties struggle for supremacy in the choice of a Senator make combinations manipulate members and strive in every possible way to get a Senator who is acceptable to themselves — and to as few other people as may be

Republicans have a strong majority in the Assembly, and should be able to elect a Senator without a protracted or bitter struggle The time is peculiar and no one should be thought of as a candidate who is not an outspoken adherent of the Republican party and an earnest advocate of the election of its candidates for the Presidency and Vice Presidency Ability to serve the State is a prime requisite we must not blunder as our opponents did two years ago and throw away all our remaining influence in the Senate Without referring to one candidate or another we should say that it was right for a majority of the Republicans in the Legislature to decide the question since this is the usage of all parties on such occasions In other words let each member freely express his preference in caucus according to party usage, and then let all abide by the result, supporting the candidate who receives a majority, just as the whole party supports the nominee for member of Congress who receives a majority vote in the party s Convention

This is the usual course, and adherence to it is the safe way Parties can be sustained only by observance of party methods In no other way can acrimonious contests divisions and subsequent defeats be avoided

### "Straws

Jack Falstaff s two rogues in buckram multiplied rapidly under his skillful narration to a dozen, sixteen and two or three and fifty Just so the numbers multiply of ' Liberal Republicans, under the manipulation of the Greeley organs An ex Republican and sorehead in Yamhill county (who has been treated by his party far better than he deserves), declares for Greeley We have it at once in the *Herald* that whole neighborhoods' of the best Republicans in the county have renounced their party and come out for Greeley, Tammany and Reform Day by day paragraphs are strung out which announce that sixty seven Republicans here, ninety five there, and two hundred and fifteen in the other place, have pronounced for the Tammany candidate Almost without exception these stories are without foundation and the few that have any foundation are grossly exaggerated For instance it was stated recently that nearly twelve hundred Republicans in Rochester, New York, had signed the Greeley roll. But the Rochester papers state that the Greeley Clubs in that city do not yet count anything like this number, and of those they have nearly all are Democrats The Chicago *Tribune* reports a Greeley Club of five hundred in St Paul "nearly all of whom are Republicans But the St Paul *Press* says "there are not three "creatures of any heretofore recognized Republicans on the list ' So it is all over the country One would suppose that the Greeley organs would get tired of these stories after a while since they effect nothing whatever for their cause The campaign on their part is one of very silly fabrications and transparent falsehoods

### Why Greeley was Nominated

"You rely on the Negro vote, tauntingly exclaim the followers of Chappaqua and you make your boast that you will win the fight with the aid of the black cohorts And thus you have arrayed the stolid ignorance and immovable prejudice of the lowest class of population against the intelligent white men of the country and expect to override them

Please be less hasty and less warm Hold your peace while we show *you* something Horace Greeley is now your candidate,—the Democratic candidate —for the Presidency Why did you nominate him? Not because you like him for you all say he is a 'bitter pill ' and you all speak of the unexampled sacrifice you make in accepting him Then why did you nominate him? You did it simply and solely *for the colored vote* You thought that if Greeley were your candidate you could rely on carrying every Southern State, and there would be no doubt whatever that you would win the "fight" on Your acceptance of Greeley was simply a bid for the 'niggers, as you call them But it now begins to dawn upon your minds that your expedient is an abortive one You wanted the colored vote, and groveled for it You find you can t get it and your opinion now is that the nigger is a brute beast who is a discredit to any party So the fox who had lost his tail endeavored to persuade his fellows that a tail was a useless and cumbrous appendage anyway which every high minded and respectable fox ought immediately to dispense with

It was, therefore your reliance on the colored vote and your expectation of getting it, that caused you to accept Horace Greeley for your candidate Your recent flings at the colored voter indicate that since you can t control him you think it' wrong for him to vote, and your language is even an implied reproach against the Republican party for giving him the elective franchise But your present candidate is one of those who most earnestly advocated this measure and you accepted him as your candidate chiefly because he had been an advocate of it expecting that this fact would bring him over to your standard the class of voters whom you now so utterly despise, only because you can not get them

The Republican party could elect its candidates without the colored vote In the great Northern States which it has always carried this class of voters is very small It does not pretend that it could carry the South without the colored vote and it holds that since the ex rebels all vote it is a good thing to have the colored man to offset them

### Value of the Rebel Archives

The *H l* condemns the purchase of the rebel archives Of course They fitly l uck w and Ler l t r of the Democrat ic ty d e t r w l l e of the rebel mas p u h as of trately possi l to c ble te l of # r th *H l* l lon t l ke revel in wh h furnish conclusive proof of the complicity of the leaders of its party such as Buckalew Voorhees H ndricks and Landis ton with the rebel cause Money spent to convict these men of such a crime is not money wasted Besides the rebel archives have another value Already they have been the means of saving $1 000 to the Government which sum was claimed before the Southern Claims Commission and backed up by the affidavits of twenty persons These papers established the fact that the applicant was a rebel and he precipitately left for home

A correspondent at Butteville writes to inquire whether or not the OREGONIAN supported the proposition before the Legislature in 1870 to authorize Portland to assist the west side railroad with a subsidy of three hundred thousand dollars Yes the OREGONIAN supported the proposition It was a matter that chiefly concerned Portland and a great majority of citizens here favored it Portland could have well afforded the subsidy if the west side road could have been secured in no other way and it appeared at the time that it could not Some time afterwards however a proposition was made to build the first section of the road provided citizens of Portland would make up a subsidy of one hundred thousand dollars The terms were accepted the road was built and the money paid

Because its party has elected a majority of the Congressmen in North Carolina the *Herald* boasts considerably The fact is not one to boast of The Legislature so gerrymandered the State as to give the Republicans as they thought but one district That district was constructed in the form of a long narrow strip running through the whole length of the State and containing all the strong Republican counties The Republican majority in it is nearly ten thousand By this expedient the Democrats hoped to carry every one of the remaining districts But in spite of this manipulation the Republicans carried two others or three in all

In a recent article the New York *Tribune* gives a list of eighty six defaulters, which it presents as an indictment against the present Administration An examination of the l s at Washington shows that of the whole number, only three were appointed by Grant The rest were appointees of Buchanan Lincoln and Johnson and some of them were removed from office a year before Grant became President Others were promptly removed as soon as Grant came in and prosecutions commenced against them Nearly the whole list is composed of men who are now active and noisy supporters of Greeley

The results of the recent strikes in New York are thus summarized by the *Evening Post* First a temporary general disorganization of labor Second an almost demonstrable loss of two millions which would have found its way into the hands of the laboring classes if the contracts for building had not been broken up by the builders' strike Of course this does not represent the total loss Third, a general return, at the end of the strike to the ten hour system Fourth the formation of an employers organization with a view to combination of capital such as now exists among the laborers Fifth a general conviction that the strike was a failure

The Eugene City *Guard* supports the movement for the Louisville Convention and prints the call therefor at the head of its editorial columns It commends Brick Pomeroy and others who 'advocate the holding of a Convention at which the Democracy of the United States shall be represented by honest Democrats and not by broken down political tricksters The *Guard* says it has received dozens of letters from subscribers all over the State approving its course one of which it publishes in full

Republicans are firing guns all over the Union in honor of their victory in North Carolina The *Herald* exclaims, 'Bang away Who cares? Of course *you* don t care That is very evident You never felt the least interest in the result Those frantic attempts to carry the State by special telegrams that crowing cock and that double-loaded editorial jubilation all go to show your utter indifference Strange that anybody ever should have supposed that you care the value of a pin about it

It is now certain that ex Governor Curtin of Pennsylvania who has represented the United States some years at the Court of the Czar but who has now resigned with a view of coming home will support Grant He has been claimed all along for Greeley In a letter he says he will take the field most energetically for the President s re election

On the night before the election in North Carolina the correspondent of the New York *T es* telegraphed a warning that the first returns of the election would have a Democratic complexion since only a few places could be heard from but that full returns would tell another story And so it turned out

It was conceded by politicians at the East that in case North Carolina went Republican in the late election the States of South Carolina Florida Alabama Mississippi Louisiana Arkansas and perhaps Georgia would vote with her in November These States throw 64 electoral votes

So far two States Oregon and North Carolina have elected members for the next Congress The result in these two States is a net Republican gain of two members Democracy makes gains backwards in its endeavor to get possession of the Government

The result of the elections in Louisville Covington and Newport (Ky cities heretofore strongly Democratic is pointed at by the Eugene *Guard* as an evidence of the unanimity prevailing in the Democratic party since the nominations at Baltimore

The *Herald* says in substance that it was all right for Greeley Trumbull and Schurz to have their relatives appointed to office but a gross sin for Grant to appoint anybody that was any relation to *him* Such is the hypocrisy of Reform

At Oswego, N Y a few days ago a Grant and Wilson Club was formed which was addressed by Morris Place a prominent Democrat A B Getty an other leading Democrat sent a letter regretting his inability to be present but giving his views at length for supporting Grant Over twenty Democrats united with the Club at once

### Grant on the Situation

On the fth inst President Grant in an interview said he thought the North Carolina election a substantial Republican victory He was not anxious for a second term but if presented to receive the nomination simply because he thought it was the best way of his covern which the majority of his country ri el v l ah w H 1 ust ) A l i n mall hi self personally A j i t l n e p t t all l will g r y j l t l o j on t t nd my j on i e the opportunity to y all that are le l a i tr All those who have treated me unfairly have now a chance to declare themselves He l not j r so ally care for a second term of the Presidency but would t st the sentiment of his fellow citizens in his behalf

### OREGON

The reported sale of the Chemekota Hotel at Salem is incorrect It has been however and will soon be opened in good style

The name of the W r S l has been changed to the *Ll P r er* T I Handley continues as editor and makes a good paper

All the papers are laughing at the *H* *l* for getting out s cock so precipitately to crow over an election that was a defeat for its party

The Academy building at Baker City is again approaching completion It was once destroyed by fire The State lends ten thousand dollars to build it

Salem s burglar is sick and citizens of that place feel great relief It seems never to have entered their minds to catch him and stop his business

The material of the Roseburg *P* has been sold to Mr R Tyson late of the Dallas *Rep b l r* who will publish a paper to be called the *I ta[?]*

A camp meeting under the auspices of the M E Church will open at the old camp ground on the Columbia river three Dalles on the 15 h instant

A "Liberal Republican Club has been organized at Eugene City It consists of one seedy sorehead Republican who didn t support the ticket last June, and seven Democrats

A Jacksonville correspondent of the *Farmer* says a large quantity of wine will be manufactured in Jackson county this year The grape crop is excellent and the fruit crop fair

Snag pulling is in operation on the Wallamet river at Bowers Bar a few miles below Corvallis A Corvallis paper says that the snags are the chief obstacles to navigation as there is water enough

A miner at Auburn, Baker county the other day, picked up a nugget of gold weighing forty five ounces Several such have been found there, but they are not as plenty as gravel stones

A house at the Dalles near the old garrison was destroyed by fire last Wednesday It was occupied by a family named Smith Mrs Smith had considerable difficulty in saving her children who were somewhat burned

A call is issued for a meeting of the Democratic State Central Committee The day appointed is the 21 of September and the place is Portland The members it is understood will compare notes as to progress made in eating crow

Willows Valley lying east of Grand Ronde in Union county, has been taken possession of by the whites and about one hundred homesteads located The valley is a very fine one and has hitherto been in possession of the Indians

The Salem *Statesman* says A bedrock Democrat of this county who won t vote for Greeley mentioned, yesterday, to us, the names of eight Democrats in one neighborhood, who won t vote for Greeley How the Greeley wagon *does* rush, to be sure

P C Sullivan has taken control of the Dallas *Republican* and converted it into a Greeley paper Sullivan probably supports Greeley because he (Sullivan) wants a candidate who is against negro suffrage a protective tariff, and "Radical measures generally

### THE TERRITORIES

Transactions at the Vancouver Land Office during July covered 1 829 acres

The Boise City *Standard* is dead About the twentieth attempt to establish a Democratic paper at that place

Mr Strave of the Vancouver *Register* disposes of the story that he was engaged with others in an intrigue to push Garfield off the ticket He says that Garfield has done more for the Territory than any of his predecessors and must be re elected

Montana Territory has always gone Democratic except last year when by a split in the Democratic ranks it elected a Republican Delegate to Congress Last accounts from there ind ate that a Democrat has been again elected but by less than 100 majority The usual Democratic majority in the Territory has been from 1 200 to 1 800

George Q Cannon elected Delegate to Congress from Utah is editor of the *Deseret News* a paper published at Salt Lake in the interest of the Mormon church of which he is an elder and before which he frequently delivers religious discourses He is a strong defender of polygamy and earnestly attached to the fortunes of Brigham Young,

### POLITICAL NOTES

Democrats of Staten Island, New York have formed a Grant Club

General J H Geiger and old Democrat of Columbus Ohio, made a speech at that place against Greeley a few nights ago

Democrats of the Fifth Ward New York City have organized a Grant Club Wm A Kavanaugh is President Large numbers have joined

Such papers as the Oregon City *E t r* se now affectionately call Greeley Uncle Horace A l tle wh le ago he was that diabolical old v l lain

Pirate Semmes in a speech at Mobile a few days ago made this boast It s Horace Greeley who has come to the Captain of the *Alabama* not the Captain of the *Alabama* who has gone to Greeley

The Chicago *T* (Dem ) continues to print communications from large numbers of Democrats —with lists of names given in full— who pledge themselves not to vote for Greeley under any circumstances

Alabama is reported as sure for Grant by a large majority Gov Patton the first Democratic Governor since the war has declared for Grant The colored vote is solid on the same side and Greeleyism makes no progress with white Republicans

Says the New York *T es* of July 30th Jasper W Johnson an auburn whiskered Oregonian starts upon a carpet bag tour to day carrying with him a number of campaign documents bills a paste pot and some speeches in manuscript which he intends to deliver to small crowds in the country

Frederick Douglass has just issued a powerful letter in favor of Grant, urging the colored people to his support and in proof that it is their duty arraying in a masterly manner a large amount of documentary and other facts some of which have not before been published showing Grant to have been the early consistent and persistent though quiet and practical, friend of the freedmen and colored citizens

One hundred and fifty of the old line unterrified Democrats of Pike county Illinois have signed and published in the *Old Flag* a document calling for a mass meeting to be held at Pittsfield They propose to act in concert with the Louisville Convention They declare in their call that they never will cast their votes for "the original expounder of abolitionism and vile slanderer of Democracy Horace Greeley

The New York *E g I* (Independent) says that the people understand that Mr Greeley s nomination is the result of a bargain with the Democrats and that whoever votes for him votes for the consummation of that bargain as well as for a man weak enough or wicked enough—which ever you please—to propose to restore the Democratic party to power that he may gratify his insane craving to be in office

Greeley organs say Elect Greeley and there will be no more cringing to England What a stretch of imagination to suppose a man to have courage enough to threaten England with coarse treatment who during the darkest days of the rebellion was whining for peace and crying surrender Had the cringing weak kneed Greeley been permitted to have his way the cause of the Union would have been lost before a battle was won

MONDAY MORNING AU[illegible]T 1[illegible] 18[illegible]2

## CITY.

A B[illegible] What has been said of a piece of spu[illegible] as truthfully be asserted of human[illegible] me occurs that a worthless fellow [illegible] afflicted an unfortunate community [illegible] series of petty thefts at last culmina[illegible] active career in the appropriation of [illegible] of sufficient value to send the thief to [illegible] And it not unfrequently o[illegible] that the same fellow after having honorab[illegible] served out a term in the penitentiary returns to the same locality from whence he came to commence [illegible] honest practices which he [illegible] he never entirely outgrew during his period of confinement. Such an instance [illegible] this city [illegible] readers have certainly not forgotten the [illegible]able personage who so nobly won that sobriquet [illegible] Spud Murphy. This ornamental and very [illegible] member of society it will be remembered was the pest and nuisance of the city for several years in the way of vagrancies drunk[illegible] disorderlies and innumerable petty larcenies [illegible] to the great relief of the city [illegible] a shot gun and some other things [illegible] on a predatory excursion to Albany. For th[illegible] he was tried in Linn county and sentenced [illegible] penitentiary for two years. It is reported [illegible] his term Spud demeaned himself in a very orderly manner labored hard made no [illegible] escape and gave the guards no trouble. [illegible] these meritorious acts he was [illegible] his term for two months and at the expiration [illegible] twenty two months was discharged. [illegible] sooner had he cleverly cleared the gloomy [illegible] the penitentiary walls than he made a [illegible] for his old tramping grounds—Portland [illegible] arrived in this city last week. Since [illegible] here for the second time he has been a[illegible] for drunken conduct and last evening he was again arrested for attempting to steal [illegible] a wash house. He was taken to the [illegible] where he now is. What checkered scene[illegible] is to develop in the history of Spud [illegible] alone can reveal.

CLUB [illegible]—An adjourned meeting of the Sportsmen's Club was held at the Police Court on Saturday evening. Minutes of the last meeting were read and approved.

Moved and seconded that the members proceed to sign the Constitution. Adopted.

The Secretary announced that twenty three persons had signed the roll and paid their initiation fee.

On motion the election of officers was proceeded to with the following result: A B Hallock President; [illegible] Going Vice President; B L Norden Secretary; L P Quimby Treasurer; and L [illegible] Dr Sandford O Kilbourn L S Gilman and H T Bingham Directors.

Notice of intention to amend Section 4 of the By Laws was given.

The Committee on Game Laws made a report.

A Committee of three to report on Game Laws at the next regular meeting in connection with the old Committee was appointed as follows: Messrs Sandford Bingham and Johnson.

Moved and seconded that the Secretary keep the Constitution and By Laws open for subscribers until the next regular meeting. Lost.

The vote appointing a committee on Game Laws was reconsidered on motion.

The report of the Committee on Game Laws was received and the Committee discharged.

The Secretary was authorized to purchase the materials necessary for his office.

Notice of amendments to Section 14 of the By Laws was given.

The Secretary directed the Secretary to have 250 copies of the Constitution and By Laws printed.

The Club then adjourned.

COPPER [illegible]—Two boxes of what was supposed to be copper ore were brought to this city by the steamer from Sitka. One of the boxes was sent below to be assayed, and the other was submitted to Mr J H Fisk of this city to have its contents tested. After a thorough examination of the ore Mr Fisk informs us that it proves to be the richest copper bearing ore yet discovered on the coast—being 26 per cent copper 50 per cent lead and also contains seven dollars silver per ton. Five ounces of ore yielded a copper button weighing 1½ ounces. At the present price of copper the ore is worth $200 per ton without counting lead and silver. We are informed that a well defined lode has been discovered of the ore existing in inexhaustible abundance conveniently situated to wood water and in proximity to the steamer landing. As soon as the results of the assay are known several parties interested in the newly discovered lode, contemplate steps which will place them in complete possession of the mines, and enable them to develop its richness. If all the ore is as rich in minerals as the specimens already tested, the mines promise to become a source of untold wealth. The copper obtained by the assay, is pronounced by Mr Fisk to be of a most superior quality.

A DEAD BEAT?—On last Friday Judge Humphrey of Washington county dispatched the sheriff after a person out by Wilkins bridge, who was said to be insane. On inquiry into the case [illegible] was found that the person was a Swede and had camped near the bridge for some ten days [illegible]. Persons passing back and forth always [illegible] in the same place without visible means of support. The neighbors living in the vicinity felt sorry for the poor fellow and carried provisions to him. This it seems just suited him and he accordingly made arrangements for a more permanent stay. The neighbors held a [illegible] about what was best to do under the circumstances. One of their number was authorized to make affidavit that the man was crazy. On examination it was found that such was not the case but that the man had lost all energy by abuse, and had become a dead beat. His immediate wants were satisfied, and he was requested to leave the neighborhood and he was notified at the same time that able bodied men were not likely to get much encouragement in their [illegible] especially during the working season when labor was in such demand. He left declaring that Washington county was not the county the people said it was. We expect to hear of his practicing the same trick on some other neighborhood.

WATCH PAWNED—About a week ago a man named Dwyre stole a watch from another party and took it to one of the hotels where he pawned the article for a dollar. Several days after the man from whom the watch had been stolen made complaint [illegible] his property. The matter was traced up and the watch identified. In the mean time Dwyre went to the hotel paid a dollar and took the watch away. Soon after the owner of the stolen property and an officer repaired to the hotel [illegible] that the watch had been redeemed. [illegible] was fastened on Dwyre and he was arrested yesterday in a state of intoxication.

It appears that he had taken the watch off to some other person and pawned it again or sold it and [illegible] on the money. The whereabouts of the stolen article cannot be ascertained at [illegible] officers are using all diligence [illegible] the matter to more [illegible] results.

PAIN [illegible]—Prospects are quite flattering [illegible] showers of rain. For several weeks past a dead sweltering heat has been oppressive [illegible] fires in the woods have created dense clouds of smoke which have pervaded the atmosphere [illegible] hovered around the city like a besieging army. The malaria from lowlands until lately [illegible] the close heat and the smoke have combined to produce much sickness in the city and throughout the adjacent country. A good rain will effectually disperse the smoke and render pure and wholesome the air. There would however be one great drawback to the agricultural interests. At this season of the year the farmers are in the midst of their harvesting. A majority of the grain which has been cut is in an exposed condition and a few hours rain might result in incalculable injury to the prospects of the season's crops.

CHICKEN THIEVES—We are informed that the [illegible] a farmer who resides a few miles from the [illegible] was entered on Friday night and about a dozen chickens stolen. The proprietor of the [illegible] was awakened from a sound sleep by the barking of the watch dog. He suspected something was wrong and dressing himself hastily went out into the yard. The dog was barking fiercely [illegible] a thing about the chicken house. On an examination of the premises he found the door of the building standing wide open and about [illegible] the poultry gone. The following morning [illegible] covered several tracks coming to and going away from the hen house. The thieves are supposed to be Chinamen who had become tired of beef and bacon and longed for a change of diet.

DISPOSED OF—Most of the cases which have accumulated on the Police Court docket during the indisposition of Judge Denny have been disposed of in one way or another. Some of the cases have been tried before Justices of the Peace the prisoners have given bail for their appearance or else have been discharged. As the law does not provide for the appointment of any special Police Judge in the event of sickness or accident the only course to pursue in the case of arrests made for drunken or disorderly conduct [illegible] to either discharge the parties after a certain time who are unable to give bail and to admit those to bail who are able to give any for their future appearance placing the bonds low and leaving it optional with such parties to appear or else forfeit the money on deposit. It appears however that the law in relation to this matter ought to be revised and some provision made for meeting the present exigencies of the case.

PASSENGERS.—The steamship [illegible] sailed for this port from San Francisco Saturday morning. The following passengers are en route: F S Aiken and family, Cicero Buchanan, H L Warren, Dr Nutall and son, Rev I J Devine, Mr Lucier and niece, J P Gray and wife, [illegible] W H Emmort, John Murphy and wife, C Conrad, Mrs W B King and two children, J H Work, W Wagener, C Christy, Mrs M Sloan and two children, James D Fay, E L Smith, H A Webster, J A Simmons and wife, Mrs J A Azorais, Mrs M I Reid, Lieutenant Curtis U S A, J A Simmonds, J S Emmert, D S Bowman, Mrs O Neil and daughter, A S Knox and family, R Wagener, H B McFarren, L R Wells, W G Pickett.

NOT SHUT DOWN.—The Railroad Company Saw Mill at the foot of F and Front Streets has not been shut down yet for the purpose of removal to the building further down the river. The mill was to have been closed three weeks ago but in consequence of the rush of orders it has been found almost impossible to close operations long enough to enable the machinery etc to be moved and fill the orders within the time required. The mill is at present engaged in cutting lumber with which Fourth Street is to be planked. In the course of a few weeks however the mill will close down and the transfer of the machinery be made.

MILITARY MATTERS.—Colonel Morrow and Lieut Ream of the 21st U S Infantry, will leave Vancouver this morning for Fort Lapwai in Idaho. These officers are members of a general court martial which will convene at that place soon for the trial of a number of prisoners. Adjutant Geo W Evans, of the 21st U S Infantry stationed at Vancouver went to San Francisco on Saturday on the steamer *Ajax* with two enlisted men as witnesses in a case now trying before a general court martial convened at Fort Alcatraz. The Adjutant expects to return on the same steamer.

A PRODIGY.—Mr S B Rafferty living in Washington county 10 miles north of Hillsboro has a prodigy of a calf three weeks old which has only two legs. The hind legs are full and well developed and the shoulder blades seem to be perfect but no front legs adorn its body. The calf seems to be otherwise perfect. It strives hard to get upon its hind legs and it is thought that it will succeed in walking yet. This calf will be one of the curiosities of the coming State Fair.

ANTIMONY.—We were shown on Saturday several rich specimens of antimony sent to J H Fisk for assay. The ore was found to be rich in this metal. The specimens were found to abound in abundance in the vicinity of the Dalles. If properly developed these mineral discoveries will become sources of great wealth as antimony is one of the component parts of Babbitt metal which is of indispensable value in the manufacture of "boxing" for machinery, and other useful purposes.

SERIOUS FALL.—A man named Thomas Stephenson fell from a building on Saturday morning at the corner of Alder and Seventh streets and was severely injured. He was working on the second floor of the building, and having occasion to step back, stumbled and fell down into the cellar a distance of nearly twenty feet. His injuries are thought to be quite serious.

SUBSTANTIAL PRESENT.—Colonel Benjamin Stark, we learn, has made the members of the Trinity parish a present of a superb bell to be used in the new church as soon as it is ready for use. The bell weighs 2 000 pounds and was cast at the bell foundry of Meneely & Son Troy, New York. It will soon arrive at its place of destination.

ARM HURT.—A small boy residing in the upper portion of the city, was up in a plum tree gathering the fruit on Saturday last. His footing gave way and he was precipitated to the ground, a distance of about ten feet. He was picked up breathless, considerably bruised and with an arm almost broken.

SERENADERS.—A party of serenaders discoursed very delightful (?) music on Saturday night to the residents of Jefferson street between Front and First. Should the same or other parties attempt a similar outrage the incensed population threaten to treat them with a shower of faded bouquets and dead cats.

INCORRECT.—The rumor which has been in circulation on the streets to the effect that Ben Holladay has purchased the bark *Mo[illegible]* with a view of fitting her up as a steamer to run on the North Pacific is evidently without foundation. The report cannot be traced to any well authenticated source.

FOR MT HOOD.—A party of gentlemen will leave the city this morning their destination being the summit of Mt Hood. The party consists of Messrs E G Harvey of the Postoffice, E T Coleman the artist, Carl Bosco and W E C Macrum.

TERM CLOSED.—The term of the Circuit Court for this County closed on Saturday last, until November. Judge Upton will proceed this morning to Astoria at which place he will hold the regular term for Clatsop County.

NO ACCIDENTS.—Sunday is usually a prolific day for accidents, but yesterday there were no accidents, and the only accident which transpired was one harmless little runaway scarcely worthy of mention.

QUARTERLY MEETING.—The quarterly meeting held Saturday and yesterday by the M E Church at Hillsboro was largely attended. Quite a number were taken into full connection with that church.

FOR ASTORIA.—The *D[illegible]* will carry away this morning a number of Portland attorneys who will be in attendance at the Circuit Court which will convene at Astoria to morrow morning.

AT THE WHARF.—Walter Moffett's new brig *Pall[illegible]* is now lying at his wharf. She will be rigged as soon as practicable and [illegible] for Honolulu.

COUNTY COURT.—The County Court, Judge Hamilton presiding, will convene this afternoon at one o clock for the transaction of business.

CONVALESCENT.—We learn that Judge Denny's condition is much improved and [illegible] hoped he will be able to hold court in a day or two.

OFFICE OF LAND DEPARTMENT,

**Oregon and California R. R. Co. and European and Oregon Land Co.,**

PORTLAND OREGON August 1, 1871

THE COMPANY IS NOW PREPARED TO EXTEND the pre-emption privilege of purchasing Railroad Lands in advance of the same being placed in market to all parties desirous of securing them on the following terms.

The applicant filing in this office a claim in the form prescribed to wit

Pre-emption, date, No ——.

To the Land Agent of the European and Oregon Land Company

Sir: You are hereby notified that I have settled upon and improved (description of land) in the county of —— State of Oregon containing —— acres, and that I claim a pre-emption right to purchase said lands at the Company's valuation in accordance with the following resolution of the Directors of said Company, adopted on the twenty-sixth day of May, A D 1871, to the terms of which I hereby fully assent.

"Resolved: That the parties settling upon and improving any of the lands of the European and Oregon Land Company before the same are [illegible] shall be entitled to the pre-emption privilege of purchase on the same terms as the Company [illegible] the land for without improvement, and shall be [illegible] to the same conditions of payment, as all other lands belonging to the Company when brought into market; provided such settlers shall file in the Land Office of said Company written application giving notice of such settlement, and shall accept the privilege upon the condition that when the price of the land shall be fixed notice thereof shall be sent by the Company's Land Agent through the Postoffice or otherwise as may be convenient, to the residence of the party claiming the pre emption privilege and if the land is not purchased by the said party within sixty days from the date of such notice, the Company will be at liberty to sell the land to any other person."

(Name of applicant.)

(Postoffice address.)

When the application is received a certificate, signed by the Agent, obligating the Company to the terms will be sent to the claimant in the following form:

PRE-EMPTION CERTIFICATE, No ——

This is to certify that ——, of —— county, State of Oregon has this day filed in this office a pre-emption claim to (description of premises) and is hereby entitled to the first privilege of purchasing said land at the Company's valuation (which is to be made without reference to improvements) when the same shall be placed in market in accordance with a resolution of the Board of Directors of said Company adopted May 26, A D 1871.

When the price of the above described land is fixed notice thereof will be sent to the party to whom this Certificate is issued and if the land is not purchased by the said party or the holder hereof within sixty days from the date of said notice the Company will be at liberty to sell the land to any other person.

(Signed)

Land Agent of the E & O Land Co.

The lands will be appraised by a competent, disinterested party under oath at their actual present value, no fancy or prospective price on the basis of similar lands in the vicinity and when appraisement is made they will be sold in quantity not exceeding one hundred and sixty acres to one person payable in five equal annual instalments with interest from date of contract, at ten per cent. per annum principal and interest payable in United States Legal Tender Notes. Warranty deeds given after United States Patent issues upon payment in full.

Blank forms of application furnished upon request.

## The Secret of Dr Livingstone's Continued Voluntary Exile

[From the Hartford Courant, July 20 ]

I had to give him (Dr Livingstone) five years' news to begin with —Correspondence of *Herald* Expedition in search of Dr Livingstone

General Grant is President of the United States

Since when

For the last four years

Indeed? And what else has transpired

Half of Chicago has been burned to ashes loss $200 000 000 France and Prussia have had a devastating war Prussia utterly vanquished France in an uninterrupted series of tremendous battles and brilliant victories The Emperor is an exile The Queen of Spain has been driven from the throne and she and her family are in exile An Italian Prince is King of Spain Charles Dickens has been dead two years A negro has been numbered among the Senators of the United States Jim Fisk was shot in a vital part by a person named Stokes and one set of doctors proved to the satisfaction of a jury that another set of doctors killed the man with a probe and as that was entirely legitimate, nobody was hanged A dozen official ruffians ran the city of New York in debt $125,000 000 in four years, and stole $20 000 000 from the public treasury for their private use, and live to-day unwhipped of justice Women vote now in one of the Territories, and a notorious woman is a candidate for President France is a Republic, and Henri Rochefort an exile Mazzini is dead China has sent a great embassy abroad into the world to make commercial treaties with the nations Japan has undergone a bloodless revolution more marvelous than any ever created by the sword and has become a free land the great nobles have voluntarily reduced themselves to the condition of private citizens they have disbanded their army of retainers, and yielded up their vast revenues to the Government, railroads and telegraphs are being built, colleges [illegible], and Western dress and customs introduced The Tycoon is dethroned and the Mikado reigns untrammeled. He has come out from his ancient seclusion, and exhibits himself to all the world in the public streets with hardly an attendant. He is going to France Horace Greeley is the Democratic candidate for President of the United States, and all rebeldom hurrahs for him. He—"

"Hold on! You have told me stupendous things and, with a confiding simplicity born of contact with these untutored children of Africa, I was swallowing them peacefully down, but there is a limit to all things. I am a simple, guileless, Christian man, and unacquainted with intemperate language, but when you tell me that Horace Greeley is become a Democrat, and the Ku Klux swing their hats for him, I cast the traditions of my education to the winds and say I'll be damned to all eternity if I believe it" (After a pause ) "My trunk is packed to go home, but I shall remain in Africa, for these things may be true, after all If they are, I desire to stay here and unlearn my civilization "

UJIJIJI UNYFMBEMBE,
Interpreter to the Expedition

## The Diamond Discovery in Arizona

[From the San Francisco Republican ]

The intense excitement which prevails among all classes consequent on the reported discovery of deposits of diamonds and other precious stones, of extraordinary seemingly, fabulous richness, causes any particulars relating to the subject to be of more than passing interest At the invitation of Messrs Harpending and Roberts, two of the parties [illegible] acquainted with this strange discovery, we called at their office on California street, and were shown the most extraordinary collection of uncut diamonds and rubies that we ever saw—though we have seen most of the collections of gems in the museums of the Atlantic States and of Europe There were boxes and bags and envelopes full of these gems, of the genuineness of which there can be no more doubt than there is of one's own existence. There were neither emeralds nor amethysts, nor any other stones than diamonds and rubies These ranged in size from a large pin head to that of a large [illegible]

We were also shown a report, signed by A Janin, a well-known engineer, relating to the extent of the deposit and the character of the formation in which these gems were found This report of Mr Janin was prepared for Mr. S. F. Barton, a New York millionaire, who employed Janin to examine the discovery prior to his (Barton) purchasing an interest therein Janin's report is full of the most [illegible] statements relating to the abundance of gems, and strongly recommends his [illegible] to purchase a one-fourth interest for $1,000,000, which, we are informed, he has [illegible]

The reports of shares in this discovery being for sale in this market, we were assured [illegible], not a share being for sale Mr Ralston, of the Bank of California, having [illegible] the interest of one of the original [illegible], has divided his purchase among some of his intimate personal friends

The discovery, we were further informed, was made nearly two years ago but was kept secret in order to obtain possession of the land legally. To accomplish this it was necessary to procure the passage of an Act of Congress giving title to the land

The fact of the chief actors in the wonderful discovery being men known to be keen speculators, though [illegible] suspicion of its real value, is not surprising No cool, calculating man of business would think of investing millions in such an enterprise, which, if of only one-fourth the value stated by Mr Janin in his report, will make millionaires of every holder of a share in the discovery

We saw and handled scores of diamonds, each worth from $1,000 to $2,500, and saw [illegible] of oriental rubies, some of them as large as a lady's finger nail There could be no deception in the genuineness of the [illegible] or any doubt as to their numbers, because they were brought out of the vaults of the Bank of California for our inspection In a matter of such vast importance, involving the possession of articles so extremely valuable and portable, there may be some excuse for concealing the whereabouts of the locality where the diamonds and rubies are found but this concealment necessarily creates doubts If we are to believe the evidence of our senses, and the reports and statements of the parties interested, the diamond discovery which attracts so much attention just now is the most extraordinary event of the present century, and will make diamonds and rubies "as thick as leaves in Vallambrosa

GRATZ BROWN'S VICE —The clerk of the New Haven House prepared the following statement for the New Haven *Palladium*

Mr. Brown came to the New Haven House late Wednesday night from his class supper, and went to bed What time he got up I do not know, but he went out, I suppose, to the Yale commencement exercises When he came from there before he went to the alumni dinner, he went to his room and sent down for some brandy I sent him up before he went away, three drinks of brandy for which I received pay He came back after the dinner and between this time and the time when he made his speech, he sent down for three more glasses of brandy and I am not sure but more I know that I sold him six drinks of brandy, and I think that I sold him eight and he paid me for them When he came down to the office before going to the boat, to pay his bill I saw that he was very drunk He paid his bill however, and then turning to the porter said "What in —— has this man done ? [Here followed a conversation with the porter, which was too vile and profane to put in print, but which the clerk can swear to ] A reporter then stepped up to him and asked him to look over his notes of the speech, and Brown replied "I don't care a G—d d—n for any newspaper," and other expressions of the same sort He then started for the side door where a hack was in waiting for him He staggered as he went along, but finally went away alone About fifteen minutes after Governor English came down stairs and I said, "Governor Mr Brown was rather tight wasn't he ? Yes," replied the Governor "somewhat set up " On being asked to state again what Mr Brown's condition was the reply was, "He was boozy drunk "

The Twentieth Ward (Brooklyn) Grant and Wilson Club now has 1,800 signers on its rolls There is no Greeley Club in the ward.

## A Lay Sermon

AN ANALYTICAL TREATISE ON A VERY COMMON VERB

[From the Cincinnati Times ]

The verb "to lay" admits of varied classification For instance it is rather passive than otherwise when that useful domestic fowl known as the hen feels impelled to lay an egg but it is exceedingly active when they come to "Lay on Macduff" in the play Almost any maritime vessel is superior to the hen so far as laying is concerned for while the hen can only lay one egg at a time a ship can lay to yet I wouldn't advise frugal farm wives to trade off their hens for ships on that account thinking to double the quantity of their eggs Ships are better to double a cape

Hens are not the only creatures who lay by any means A cat or a dog can lay around the stove all day, a lazy man is fond of laying off from work and a sailor can lay aloft

A great deal has been said about the "Lay of the Last Minstrel" but I have never been able to understand exactly what his peculiar lay was I never saw the last minstrel yet although I live in hopes that I may If I'm alive when the last minstrel expires I am ready to help lay him with the utmost cheerfulness

I have been told although I know nothing about the game myself that the apparatus by which faro is played is technically known as the lay out and the number of people it has laid out is beyond computation Pharaoh and his hosts were swallowed up in the Red sea according to the most authentic history we have, but our modern Faro avenges his engulfed namesake by swallowing hosts of Red C's, which the uninitiated are informed stands for "red checks" As I remarked before, I know nothing about the game It isn't my lay I never could win anything

There are all sorts of lays in this world Show me any particular lay and I will show you any number of persons who are on it Some men are continually hunting subjects to write lays about, while others laze about all their lives and never hunt anything, except it's a drink One man lays up a grudge and another lays by something for a rainy day It is one man's lay to lay stone wall another to lay still A ship lays alongside, and a lazy man lays a long time in bed One man lays down piping and another lays down and dies, while few, alas! lay up their treasures above There are men who lay over their fellows in every particular, and there are others who are satisfied to be lay members all their lives, although, paradoxical as it may appear, a lay member may often be a member in good standing

Lay figures are employed in dry goods stores and millinery shops to show off various articles of female attire If lay means to lie, the term "lay figure" is a contradiction, for figures won't lie, unless, perhaps it is a figure of speech, which often lies most egregiously

I had laid out to preach a more extended sermon, but it is getting late My eyes are heavy, as I fear my style is getting to be—the drowsy hour of night approaches—my best "lay" is to quit, it's growing la—and "now I lay me down to sleep"

Good night

The story is told of Ben Butler's early days that a Yankee obtained his legal opinion how to recover the value of a ham which a neighbor's dog came along and ate He was advised to prosecute and recover, for damages "But the dog was yourn," said the sharp Yankee Butler opened his eyes a little asked him what the ham was worth, was told five dollars, paid the money, and then demanded a ten dollar fee of the astonished native for legal advise

A Washington dispatch of July 29th says that the Republican National Committee has caused a careful count to be made of the German political press of the country, and that result shows one hundred and nineteen advocating Grant, one hundred supporting Greeley, and two of the ablest Democratic papers, having a circulation of nearly two hundred thousand, on the fence There are three or four other influential German papers that have since been identified with the Republican party.

"George," asked the teacher of a Sunday school class, "who above all others shall you wish first to see when you get to heaven?" With a face brightening up with anticipation, the little fellow shouted, "Gerliah!"

## FINANCE AND COMMERCE

SATURDAY EVENING, August 10, 1872.

Gold in New York to-day, 115½

Portland Legal Tender rates, 86½c buying; 87½c selling

There was a rumor to-day that the Spanish bark *Manila*, now lying at this port had been purchased by Ben Holladay, with a design of converting her into a steamship This vessel was built for a gunboat and a portion of her machinery, including engines, is still in her

At Chicago and St Louis Flour and Grain are very active and prices recently have appreciated very considerably Recent rains have occurred which have tended to advance prices, and an unusually firm feeling characterizes the market It is now believed that the surplus of the Mississippi valley will not be as large as heretofore supposed and this fact may make possible considerable shipments from the Pacific States overland

At the East the Iron market is again attracting special attention Scotch Pig has rapidly advanced abroad and holders in Boston and New York have advanced their prices, $2@3 per ton Bar Iron has also advanced and holders are indifferent about selling. The tendency of all articles composed principally of Iron is decidedly upward in Eastern markets. It is said that shipments could not be laid down in New York at current rates so marked has been the rise in England

Prices of Wool are hardening in Eastern markets. The Boston *Shipping List*, a recognized authority in the Wool trade says

Our advices from all points indicate a very firm market The London sales are progressing favorably Superior Colonial Wool is quoted at 17d and the average is now 15½d ⅌ lb The next London sales commence on the 12th of September and the final sales of the year November 21st. With no margin for shipments of foreign Wool to this market from any point we can now confidently look for a firm market and some improvement in prices before many weeks

Supplies of domestic fleece have been arriving more freely, but our stock is quite light for the season Wool growers are still holding for higher prices than most of our manufacturers and dealers are willing to pay There is very little Wool to be had in the West under 65@66c ⅌ lb as to condition and quality and these prices are above the views of most buyers

### Mining Intelligence

The following items are from the Baker City *Democrat*:

The Virtue Mining Company's Quartz Mill at this place is now running up to its full capacity night and day on rock from their ledge when they make a clean up we hope to be able to give the result which it is anticipated will be very flattering and profitable to the pockets of the company

Messrs Sisley & Weatherby on Burnt River about 10 miles from this place on the Boise City road have struck rich dirt which pays from $20 to $30 a day to the hand, with plenty of free water to work their claim with

Mr Woolsey & Co who own a mining claim on Washington Gulch about five miles from town cleaned up the latter part of last week, after a run of three weeks with two men and had sixty eight ounces of [illegible] one piece weighing $167 The company owning this claim consists of Messrs Woolsey Thomas Hoffman L M White and Mermain we believe

The *Herald* of this city says

Captain Knott, proprietor of the Bohemian mine arrived home on Friday evening after a protracted stay He brings with him some handsome gold bricks the product of a few tons of ore which he put through the mill by way of test The mine pays a handsome profit although they are still working upon a chimney When the shaft reaches the true lode something rich will be struck The gold taken from this mine was assayed yesterday and found to be worth in the vicinity of $14 50 ⅌ ounce

## NATIONAL REPUBLICAN PLATFORM

AS ADOPTED AT THE REPUBLICAN NATIONAL CONVENTION AT PHILADELPHIA JUNE 6

[illegible]

[illegible] erected [illegible] for the Nation [illegible] extraordinary burdens [illegible] a sweeping reductions [illegible] the people [illegible] $100,000 000 per year A great [illegible] as been [illegible] the land [illegible] and the honor and power of the Nation kept in a high [illegible] the world [illegible] the record [illegible] the past [illegible] the people [illegible] to any party or combination [illegible] of the [illegible] beneficial progress

Complete liberty and exact equality in the enjoyment of all civil political [illegible] should be established [illegible] throughout the Union by efficient and appropriate State and Federal legislation [illegible]

[illegible] any discrimination in respect to citizens by reason of race creed color or previous condition of servitude

Th[illegible] recent amendments to the National Constitution [illegible] not merely tolerated be[illegible] the law and should be carried out according to their spirit by appropriate legislation the enforcement of which can be safely trusted only to the party that secured the amendments

4 The National Government seeks to maintain an honorable peace with all nations protecting its citizens everywhere and sympathizing with all peoples who strive for greater liberty

5 Any system of civil service under which the subordinate positions of the Government are considered rewards for mere party zeal is fatally demoralizing and we therefore favor a reform of the system by laws which shall abolish the evils of patronage and make honesty efficiency and fidelity the essential qualifications for public position, without practically creating a life tenure of office

6 We are opposed to further grants of public lands to corporations and monopolists, and demand that the National domain be set apart for free settlement by the people

7 The annual revenue after paying current debts should furnish a moderate balance for the reduction of the principal of the public debt [illegible] may be derived from a tax on [illegible] raised by duties on importations which should be adjusted to aid in securing remunerative wages to laborers and to promote the industries and prosperity of the whole country

8 We hold in undying honor the soldiers and sailors whose valor saved the Union [illegible] pensions are a sacred debt of the nation and the widows and orphans of those who died for the country are entitled to the care of a generous and grateful people We favor such additional legislation as will extend the bounty of the Government to all our soldiers and sailors who were honorably discharged and who in the line of duty became disabled without regard to length of service or the cause of such discharge

9 The doctrine of Great Britain and other European powers concerning allegiance, once a subject always a subject having at last through the efforts of the Republican party been abandoned and the American idea of the right of an individual to transfer his allegiance having been accepted by European nations it is the duty of our Government to guard with jealous care the rights of adopted citizens against the assumption of unauthorized claims by their former Governments and we urge a continued and careful encouragement and protection to voluntary emigration

10 The franking privilege ought to be abolished and a way proposed for reduction in the rates of postage

11 Among the questions which press for attention is that which concerns the relations of capital and labor and the Republican party recognize the duty of shaping legislation so as to secure a full protection and ample field for capital, and for labor which creates capital the largest opportunities add a just share of the mutual profits of these two great servants of civilization

12 We hold that Congress and the President have only fulfilled an important duty in their measures for the suppression of violent and treasonable organizations in certain lately rebellious regions and for the protection of the ballot, and therefore they are entitled to the thanks of the Nation

13 We denounce the repudiation of public debts in any form or disguise, as a national crime. We witness with pride the reduction of the principal of that debt and of the rates of interest upon the balance, and confidently expect that our excellent national currency will be perfected by a speedy resumption to specie payment

14 The Republican party is mindful of its obligations to the loyal women of America for their noble devotion to the cause of freedom their application for admission to further usefulness is received with satisfaction and the honest demands of any class of citizens for additional rights should be treated with respectful consideration

15 We heartily approve of the action of Congress in granting amnesty to those engaged in the rebellion and rejoice in the growth of peace and fraternal feeling throughout the land

16 The Republican party proposes to respect all rights reserved by the people to themselves as carefully as the powers delegated by them to the State and Territorial governments It disapproves of asserting constitutional laws for the purpose of removing evils by the interference with rights not surrendered by the people to either the State or National Government

17 It is the duty of the General Government to adopt such measures as will tend to encourage American commerce and ship-building

18 We believe that the modest patriotism the earnest purpose, sound judgment practical wisdom incorruptible integrity and illustrious services of U S Grant have commended him to the heart of the American people and with him at our head we start to-day on a new march to victory

## TO THE UNFORTUNATE.

NEW REMEDIES, NEW REMEDIES

Dr Gibbon's Dispensary,

623 KEARNEY STREET, NEAR COMMERCIAL, San Francisco Established 1854 for the treatment of Sexual and Seminal Diseases such as Gonorrhea Gleet Stricture Syphilis in all its forms Seminal Weakness Impotency etc Skin Diseases of years standing and Ulcerated Legs successfully treated

DR GIBBON has the pleasure of announcing that he has returned from visiting the principal Hospitals of Europe and has resumed practice at his Dispensary 623 Kearney street corner of Commercial San Francisco, where his old patients and those requiring his services may find him

The Doctor has spared neither time nor money in seeking out new remedies and has returned with increased facilities for the alleviation of human suffering

### Horrible Diseases.

How many thousands of persons both male and female are there who are suffering out a miserable existence from the effects of secret indulgences or from virus absorbed into the system Look at their pallid emaciated and disfigured faces and their broken down constitutions disqualifying them for the happiness of marriage or the enjoyment of life In this horrid situation thousands suffer until death closes the scene Let parents guardians friends attend to those who are suffering with any of these horrible life-destroying maladies see that they are cured for and cured before it be too late Send them immediately to DR. GIBBON, a physician who has made private diseases his especial study for years, and who is certain to cure the most inveterate case without mercury or any injurious drugs It is important to those who are afflicted or to those who are interested in the welfare of their friends to be careful of the many pretended doctors who infest all cities [illegible] their skill in curing all diseases in a few days imposing upon the public by using the names of eminent physicians from Europe and other places Be therefore careful and make strict inquiry or you may fall into the hands of those charlatans

### Seminal Weakness.

Seminal Emission the consequence of self-abuse. This solitary vice or depraved sexual indulgence is practiced by the youth of both sexes to an almost unlimited extent, producing with unerring certainty the following train of morbid symptoms unless combatted by scientific medical measures viz Sallow countenance dark spots under the eyes pain in the head ringing in the ears noise like the rustling of leaves and rattling of chariots uneasiness about the loins weakness of the limbs confused vision [illegible] intellect loss of confidence, diffidence in approaching strangers a dislike to form new acquaintances disposition to shun society loss of memory, hectic flushes, pimples and various eruptions about the faces furred tongue fetid breath coughs consumption night sweats, monomania and frequent insanity, If relief be not obtained should apply immediately either in person or by letter and have a cure effected by his new and scientific mode of treating this disease which never fails of effecting a quick and radical cure Dr G will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks

### MARRIED MEN.

Or those who contemplate marriage who are suffering under any of these fearful maladies, should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure or make no charge.

### CURED AT HOME.

Persons at a distance may be CURED AT HOME by addressing a letter to Dr Gibbon stating case, symptoms length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity to any part of the country, with full and plain directions By inclosing Ten Dollars coin, in registered letter through the Postoffice or through Wells, Fargo & Co a package of medicine will be forwarded to any part of the Union

All communications strictly confidential.

### Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders who, with bogus sworn to certificates dupe the unwary some of the self styled doctors, whose names are to be found in the daily and weekly newspapers of San Francisco and other places are tradesmen and became too lazy to work at their trades Some are tinsmiths, shoemakers newspaper carriers intelligence office keepers, etc The only way to avoid imposition is to make inquiry—it will cost you nothing, and may save you many regrets For, as advertising physicians in eight cases out of ten are bogus there is no safety in trusting any of them until you know who and what they are. Dr Gibbon does not deceive people by exhibiting bogus titles certificates, pretended patients' letters, etc Dr Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he proposes to cure

Address DR J F GIBBON, 623 Kearney street, corner Commercial San Francisco, Post Office Box 1,957

REMEMBER TO PUT BOX 1,957 ON THE LETTER
